PROFESSIONAL PROFILE

A proactive and results-driven Health and Safety Advisor with extensive experience in high-risk environments across the mining and rail sectors, representing McDonald Surveys within the Rio Tinto network. Adept in leading risk assessments, incident investigations, and delivering robust health and safety training programs to foster a zero-harm culture.

Holds a Certificate IV in Work Health and Safety and ICAM Lead Investigator accreditation and completion of Cert IV in TAE22 due in May 2026. Strong stakeholder management and coaching abilities, coupled with a solid foundation in regulatory compliance and reporting. Passionate about implementing continuous improvement strategies to reduce risk and enhance operational safety performance.

Award Recognition: McDonald Surveys (division represented) awarded the **2025 Rio Tinto Health and Safety Award** for excellence in safety performance and innovation.

PROFESSIONAL EXPERIENCE

Safety Advisor | Railtrain Holdings Group / McDonald Surveys 2023 – Present | Perth and Karratha (FIFO), WA

- Represent McDonald Surveys in Rio Tinto operations, coordinating closely with site leadership and aligning safety systems with client standards.
- Conduct regular site inspections and compliance audits across Rio Tinto's Pilbara rail network, proactively identifying and mitigating risks.
- Facilitate field-based safety engagements including Pre-Starts, Toolbox Talks, and Leadership in Field observations.
- Deliver coaching in CRM protocols and incident response procedures, enhancing frontline safety culture.
- Develop and implement improved SWMS, Take 5s, and 24hr incident reports and hazard reporting tools.
- Manage incident register and provided safety performance analytics for weekly reporting and ELT briefings.
- Lead investigations and corrective action tracking for high-potential incidents.
- Part of the audit team for ISO9001 and ISO45001 recertification.

Security Officer | Gold Security – Kemerton Lithium Plant (Albemarle) 2022 – 2023 | WA

- Conducted BAC testing, access control, vehicle inspections, patrols, and compliance monitoring.
- Maintained daily safety logs, incident reports, and supported emergency response protocols.

Security Officer | Fortescue Metals Group – Solomon Mine Site 2020 – 2022 | WA

- Oversaw gatehouse operations, AOD testing, fire and emergency systems, radio tracking, and access compliance.
- Managed emergency logs, visitor induction, COVID-19 protocols, and environmental inspections (weed/seed).
